Definitions

Deadline: The date a license must be purchased on or before. If mailed in; the date a correctly completed application sent to FWP, must be postmarked by the US Postal Service.

Montana License Provider: Outlet that sells FWP hunting and fishing licenses and state park passports. Typically sporting goods stores, hardware stores, tackle shops, etc.

ALS - Automated Licensing System

- Montana hunting, fishing and other recreational licenses are issued via an automated licensing system (ALS).
- Once you acquire a license through ALS, you will be assigned a lifetime “ALS number”. The ALS number is your birth date plus a random number issued by the automated system. Your ALS number will printed at the top of your license.
- If you do not have an ALS number, you **MUST** provide your date-of-birth and the last 4 digits of your social security number.
- Montana’s license year is March 1 through the end of February of the following year. Even though you may have a lifetime ALS number, **EACH YEAR** a person must purchase a conservation license to be authorized to purchase any fishing or hunting licenses.

Attention Bowhunters

- To purchase a Bow & Arrow license, all bowhunters must:
- provide a copy of a National Bowhunter Education Foundation (NBEF) certificate OR provide any prior year bowhunting/archery stamp, tag, permit or license from any state or province.
 - all bowhunters born after January 1, 1985 must show proof of also completing a Hunter Education program before purchasing any hunting license.

Hunter Education Requirement

- Legislation requires anyone born after January 1, 1985 to provide a copy of his or her Hunter Education Certificate in order to purchase any hunting license in Montana.

Hunting Access Enhancement Fee

- The Montana Legislature created this fee to help maintain and enhance hunting access to public and private lands statewide through programs like Block Management and other special hunting access projects.
- This is an annual fee and will be charged at the time the hunter purchases his/her first hunting license (including upland and migratory bird) of the season.

Warm Water Game Fish License

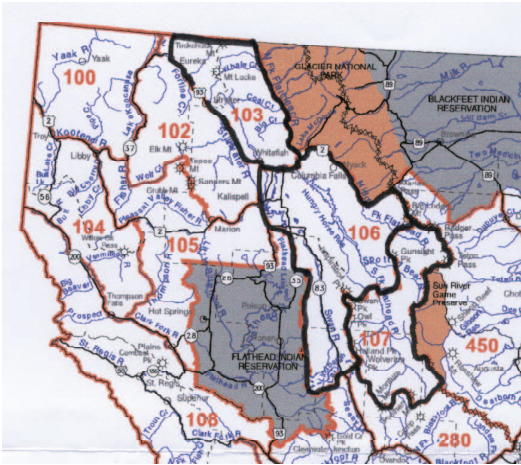

This license is required for all anglers who are required to be licensed to fish in Montana and who possess any warm water game fish including, but not limited to, largemouth bass, smallmouth bass, walleye, sauger, black crappie, white crappie, channel catfish, yellow perch, northern pike, and tiger muskellunge, or as listed in the 2009 fishing regulations.

Turkey License

- Up to 2 turkey licenses may be purchased:
1. Spring Only or R7 Fall
 2. Fall Only or R7 Spring

- This allows the hunter to harvest:
- Two male turkeys in the Spring, as long as at least one of them is harvested in Administrative Region 7. OR;
 - One male turkey in the Spring, and one turkey in the Fall. OR;
 - 2 turkeys in the Fall, as long as at least one of them is harvested in Administrative Region 7.

Black Bear

- **DEADLINE** to purchase license:
Spring Season: April 14.
Fall Season: August 31.
- A validated license is required for Spring Bear hunters in Bear Management Units (BMUs) 103, 106 &107. These districts are located in northwestern Montana immediately east and south of Glacier National Park. Validating your license will restrict your Spring Black Bear hunting to only those BMU units. During the Fall season, you may hunt in any BMU.
- You may hold only one black bear license per license year, but the license may be used in either Spring or Fall.
- Hunters must take and pass a black bear identification test before purchasing a 2009 black bear hunting license. There are two ways to take the test and receive your certification.
 - ONLINE at FWP’s Web site at <http://fwp.mt.gov/bearid> OR
 - MAIL IN - Request a mail-in test by calling 406-444-2535.
- License providers will not process the test or return them to FWP.
- If you previously passed the Bear ID test AND purchased a black bear license in Montana, you do not need to submit a bear certificate.

State Lands

The State Land Recreational Use License is included as part of the Conservation License. Therefore, persons who are licensed to hunt, fish, or trap are not required to obtain a recreational use license for use of legally accessible state trust land for hunting, fishing, and trapping purposes.

Mailing Lists

Montana Fish, Wildlife & Parks receives requests for mailing lists.

****Please note, even if you chose no, under state law the department is required to allow individuals who wish to compile their own mailing list access to department records including your name, address, gender, residency status, license type, district applied for and whether you were successful.**
